

Information for refugees with N, F and B status

## Would you like to live with a host family?

**We offer refugees the opportunity to live with a host family in the canton of Basel-Stadt (these are families with children, young or older couples, individuals or residential communities).**

Staying in a host family enables you to practise your German and participate in everyday life.

### What does this include?

- You will have your own lockable room.
- The **kitchen, bathroom, living room** and other rooms in the host family's home are usually **shared**.
- Questions about communal living are discussed together in a joint consultation (with regard to shopping, cooking, etc.).

### Are you interested?

Please contact the relevant contact person or call the GGG Kontaktstelle directly on +41 75 413 99 65.

### What's the next step?

If you are interested in staying with a host family, the next step is a **no obligation consultation** with the GGG Kontaktstelle Gastfamilien für Flüchtlinge (host families for refugees) in which any unanswered questions you may have can be discussed. In the process, we find out what is particularly important to you.

- We suggest a host family based on your interests.
- We will go with you to meet your hosts and look at the room.
- If you and the host family decide to live together following the consultation, a rental agreement will be signed.
- The rental agreement will be valid for nine months initially. Should you find your own lodgings during this time, you can terminate the agreement.
- After the first nine months there will be the opportunity to extend the agreement.
- The rent for your accommodation will be paid for by social benefits.

### Please note

**Persons who have been refused asylum cannot register for this scheme.**

The scheme is for refugees with N, F and B status.
